Parents and Friends is a group of parents whose aim is to promote and nurture community life at the College. We offer hospitality, liaison with teachers, social events and friendship building opportunities. Throughout the year we support many College functions, from Meet the Teacher nights and Daughter Breakfasts through to Leavers Dinner and Carol Services.

Parent participation keeps our College community vibrant. New families find that it allows them to settle into a new space, get to know other families and stay current with College happenings. Plus, it is a rewarding way of showing our daughters that we, too, value the culture By Love Serve.

The success of our College depends on parents engaging where they can – no effort is too big or too small. From serving drinks, to decorating tables, to helping on sports days, there are so many ways you can contribute.

If you indicate that you are prepared to volunteer, we will occasionally contact you to ask for support at specific events. This is not a firm commitment, rather an indication that you may be able to help from time to time.
